asking for, and I would imagine that when they started out with this they knew that they probably wouldn't get everything they had asked for. So I...I think I will, I will support that. Thank you for bringing that to my attention though because now I have...beginning to look at the bill a little closer and think that maybe this is the right way to go. Four dollar increase probably doesn't amount to as much of the increase in gas that we've had over the past years, although gas is down now, so you fill your car up. So if they buy this permit for...I think it lasts for a year, so it's an increase of \$4. If they visit that recreation area, say, six times during...during the summer, that isn't that much. It isn't...it won't amount to as much as what the
